COUNCIL PROBES POLICE MATTERS

Town Council, sitting as a committee of the whole for Protection to Persons and Property for two sessions last week, investigated allegations against the Police Department that necessitated the inquiry.

Charges of alleged "ticket-fixing" were investigated by auditors of the Attorney-General's Branch who reported no irregularities. Tickets are numbered in sequence and cannot be withdrawn after being written without a valid reason.

As a result of the investigation Council asked for the resignation of Constable G.C. Going because "his actions during recent events have placed him in a position in relation to his immediate supervisor that is irreconcilable and would seriously impede the harmonious functioning of the Police Department". Council was concerned that Constable Going had related department information to outside sources rather than bringing complaints or charges to the Police Commissioner or Town Council.

Constable Going tendered his resignation Thursday evening.

Other charges and allegations were found generally to be unsubstantiated. Council suggested that persons with complaints against the Police Department are entitled to lay charges and a court action would settle the case. If the court found the Police Department at fault Council would then have grounds for remedial action.

A motion to seek RCMP policing of the town was also introduced at the Thursday evening meeting and carried by a vote of 4 - 3. Mayor Pickup and Councillors Johnson and Smith opposed the motion.

Couple Celebrate Golden Anniversary

On Saturday, November 8th, about 80 guests attended a supper in the Keephills Hall in honor of Mr. and Mrs. Douglas MacDougall's Golden Wedding Anniversary.

Douglas was born in Ontario, coming to Alberta with his parents in 1900 and attending school in Edmonton. He came to Burtonsville in 1908.

Dorothy Southen was born in England, arriving in Canada January 1st, 1907. The family settled first in eastern Canada but later Dorothy found her way to Edmonton, where she met Douglas.

They were married in Edmonton November 5th, 1919 and settled on a farm in the Burtonsville district. Later, they moved to a farm in the Keephills area, where they now reside.

Dorothy and Douglas have three children, Eleanor Burchell of Vancouver, Malcolm of Keephills and Donald in the R.C.A.F. who is stationed in Ontario. They also have eight grandchildren and one great grandchild.

Among the old timers, friends and relatives present, were Eleanor Champion (nee Eleanor Mills) bridesmaid of yester-year, and Esther and Frank Toby, Lilly Robb and Art and Reg Skitch, who were school chums of Douglas's.

The brides table was centered with a lovely three-tiered cake decorated with yellow roses and doves and topped with golden bells. The hall was decorated with yellow and gold streamers and yellow roses graced the tables.

The happy couple received many lovely gifts, a purse of money, a telegram from Prime Minister Trudeau, scrolls from Lieutenant Governor Grant MacEwan and Premier Strom and a message from M.L.A. Ralph Jesperson. Mr. and Mrs. MacDougall also received a telegram from his eldest sister, Pearl who with her husband, Hector Campbell of Teulon, Manitoba, celebrated their 52nd wedding anniversary on November 5th.

For the occasion, Mrs. MacDougall chose a blue dress and wore a corsage of yellow roses.

The toast to the bride and groom was given by Bill Lauder and grace was said by Stanley MacDougall.

Open house was held later in the evening and the hall was filled to capacity. A skit depicting some of the highlights of Mr. and Mrs. MacDougall's life was put on by some of the younger generation and was enjoyed by all.

At times like these, a simple "thank you" seems so inadequate and so to express their gratitude, Dorothy sang "May God Bless and Keep You".

Lunch was served at the close of a very happy and memorable evening.

LIBRARY NOTES

A wide variety of new books arrived at the library this week.

"The Last Doorbell" by Joseph Harrington is the latest Lieutenant Kerrigan mystery.

"Tales o f O'Henry" have sixty two tales by that American master story teller. Do you remember "The Ransom of Red Chief"? The book contains that and many others of O'Henry's best.

"Individual and Team Sports for Women" deals with archery, badminton, bowling, golf, skating, skiing, tennis, track and field, basketball, and others. In addition there are chapters on evaluating techniques, teaching methods and other valuable information.

"003½ - The Adventures of James Bond Junior" is for the early teen readers and the library staff expect to see little of this book for the next several weeks.

"Do We Need The Church" is written by Richard P. McBrien and the reviewers say should provoke discussion among both Protestant and Roman Catholics.

In 1949 John Gunther wrote a memoir to his only child, a son lost in his 17th year with a brain tumour. This book is now in print again. "Death Be Not Proud" is a re- creation of the boy who was Johnny Gunther. It is an inspiring story, and a moving account of doctors and medicine.

FALLIS NEWS

Mr. and Mrs. B. Treen of Edmonton were out at their cottage on a recent Sunday making final preparations for the winter. Many other cottage owners were out at the local beaches in the area over the weekend closing up for the season.

Mr. Russell Lee is back at work at the "South Side Plant" after being laid up with a severe back injury for some time.

Best wishes are sent to Mr. Jack Margerison who, we understand, had recently undergone surgery.

Mr. Clifford Hixon, former general store owner, post master, and garage operator, at the Fallis Corner was here for a short visit. The Hixons are now living at Grande Cache, where we understand Mrs. Hixon is the new post-mistress. The heavy volume of mail is in capable hands in this rapidly expanding community as the Hixon family operated the Fallis post office for quite a number of years.

Very best wishes are extended to Mr. Bill Davies of Entwistle who has been ill in hospital recently. Mr. and Mrs. Davies were former Gainford residents.

Mr. and Mrs. R. O. Simon

Couple Honored On Anniversary

Saturday, November 1st, 1969 was the day chosen by Jean and Rick Simon of Drayton Valley to honor their parents Mr. and Mrs. R.O. Simon on the occasion of their 25th wedding anniversary.

Members of the family and intimate friends sat down to a banquet laid for 70 guests and served by girl friends of Jean.

The pretty bride, in a white gown with roses encorsage, was escorted to the bride's table by the groom of 25 years. The table was centered by a beautiful 3-tiered wedding cake flanked by silver tapers, under a canopy of pink and white streamers accented by rosebuds.

Mr. Alvin Snow, who was the best man, of Sorrento, B.C. acted as Master of Ceremonies. He called upon Mrs. Alma Soma of Monroe, Washington to ask the blessing. Mrs. L. Craig brought best wishes from the friends of the family at Bently and she read a poen which expressed the thoughts of everyone.

Mr. Gordon Soma proposed the toast to the bride, the groom ably responded. Bob at this time also expressed thanks to their daughter and all who helped make this such a memorable occasion. The bride and groom exchanged gifts just before the cake cutting ceremony.

Miss Chery Rae of Edmonton, accompanied by Dale Anger, sang "Our Best To You" and asked the company to join in the second chorus.

Mr. O.H. Simon of Windsor Ontario, father of the groom, brought greetings. Then Jean and Rick, each expressed their thanks to all who helped make such a wonderful evening possible.

On behalf of all at the banquet, Mr. Snow presented the gifts for which both Bertha and Bob expressed their thanks.

A social hour was enjoyed while the tables were being cleared. Rich and his mother, with Jean and her father, started the dance by leading "The Anniversary Waltz" for which Cheryl Rae soloed.

During the intermission, Mr. Wilf Ohl, of Edmonton, read his page of memories and years with the Simon family and honored all those who had celebrated anniversaries and birthdays during the month from October 15th to November 15th of this year.

Mr. Stan Pajak presented the anniversary couple with a beautiful pole lamp from some of their friends of the district, for which the Simon family expressed their thank yous again.

The grand finale was breakfast served to family and intimate friends on Sunday morning at the Simon residence.

Out of town guests were from Windsor, Ontario; Monroe and Redmond, Washington; Sorrento, B.C.; Grimshaw, Fairview, Cold Lake, Edmonton, Bently, Eckville, and Rocky Mountain House, Alberta.

Have you ever considered...

...how you can tell when something is prevented?

You can see the results of a specific preventive program in your local community when an undesirable social condition improves. Providing support and creating the opportunity for municipalities to establish needed programs such as homemaker services, day care and family life centres, is the prime long-range service offered by the Social Planning Branch of the Alberta Department of Social Development. Assistance provided takes the form of continuing consultation with locally appointed directors and cost-sharing of expenditures on particular projects. The service is available to all municipalities in the province and under local arrangement many neighbouring towns take advantage of shared resources to implement joint preventive efforts for the benefit of individuals and families in their combined areas. A folder outlining the concept and aims of preventive social service and the role taken by local directors is available from this Branch on request.

...who's curbing pollution with clubs?

Wise use of our natural resources is the objective of an unique program which is organized and administered by the 4-H and Junior Forest Warden Branch of the Alberta Department of Youth. Volunteers supervise Junior Forest Warden and Girl Forest Guard Clubs in a program for young people who love the great outdoors. Each year hundreds of boys and girls between the ages of 10 and 18, in all parts of the province, become involved in this long-range educational program. Week-end outings and summertime camping are just part of their year-round activities which include regular meetings and community service projects such as tree planting, and campsite clean-up campaigns. Members learn to recognize erosion and pollution, understand the danger, and how to take effective control measures in order to protect our forests, soil, waters, fish and wildlife. From the thousands of young people who first started as Junior Forest Wardens and Girl Forest Guards many have chosen future careers as biologists and foresters.

...when a hole in the ground becomes a mine?

Regulations governing safety in coal mining and quarry operations are administered by the Director and his staff of inspectors of the Mines Division of the Alberta Department of Mines and Minerals. The excavation of oil sands, and in simplified terms any digging for removal of minerals can be considered a mining operation and a permit to operate must be obtained before the operation commences. For the benefit of workers, all sanitary and other facilities must be approved by the Division. Managers and other supervisory staff must pass certification examinations. Continuous safety checks are carried out by District Inspectors on all electrical systems, while machinery and equipment must meet approved standards. All mines and quarries throughout the province are identified by number and plans and maps are recorded and kept under the same number. These are also available for inspection by any interested person at the office of the Mines Division.

...confirming your facts about trust companies?

All trust companies handling money for you in this province, whether provincially or federally chartered, must be fully registered with the Alberta Department of the Attorney General through the Director of Trust Companies. You can check with the Director about what regulations exist for your protection and confirm any facts you're unsure of concerning the type of services offered to the public by these companies. All such institutions in the deposit taking and investment certificate business are required to be members of the Canada Deposit Insurance Corporation, which automatically insures your funds up to a maximum of $20,000. The department's auditing and accounting staff continually process all annual financial statements, quarterly reports or monthly bulletins prepared by trust companies which must be submitted to the Director for examination and approval. Any public complaints relating to trust company operations in Alberta are investigated and immediately dealt with by the Director.

...the fight against discrimination?

An active program of assistance and providing means to help people of this province eliminate prejudice and discrimination is available through the Human Rights Branch of the Alberta Department of Labour. The full-time staff of this Branch work directly with community and church groups, service clubs, associations, schools and other institutions providing an organizational arm for informative discussions, forums, presentations and workshops dealing with the practice of human rights. A variety of publications, folders and pamphlets detailing the protective measures of the Alberta Human Rights Act are available on request. Display scrolls and printed wall placards are also available without charge. Any person who feels he has suffered discrimination in employment, public and apartment accommodation or public services because of his colour, race, religion, place of origin or ancestry may file a written complaint with the Administrator. All such complaints are investigated through the facilities and authority of the Administrator who acts to seek settlement and satisfaction for the person involved.

...music that is easy, or difficult?

You can choose your reference selections of sheet music from the extensive library of published music, including solo works, ensemble orchestrations and choral scores maintained by the Cultural Development Branch, Music Division, of the Alberta Department of the Provincial Secretary. This reference service is provided without a charge on a monthly basis. Complete listings are available on request under recorder, choral, or instrumental groupings — with most numbers graded in categories from easy to difficult.

This year, thousands of musically talented men and women, boys and girls from all over the province also took advantage of the consulting service and local workshops that can be arranged through supervisors of the Division. Another major activity organized each year is the province-wide Summer Workshop series that draws many internationally famous artists and educators to Alberta to help develop local musical talent. Plans for the 12th annual event, to be followed by regional concert tours, are underway. Workshop fees include tuition, board and lodging.

ALDER FLATS NEWS

It was a pleasure to have Albert Josephson, Superintendent of the Covenant Churches, accompanied by his wife and several musically talented young people from Edmonton at our Church Sunday afternoon. Also to have Rod Drieberg from Winfield and to welcome Mr. and Mrs. Pearson to our church. Following the young peoples service a dedication service was performed by Rev. Josephson when he dedicated to the lord, Dennis Wade, son of Victor and Sandra Forchuk of Alder Flats, Tammy Mae Centeena and Kenneth Gary children of Garry and Elnora Capaniuk of Edson and Carmell Annette , daughter of John and Sylvia Videsjorden of Drayton Valley. The ladies served refreshments after the service. Sunday School will be held every Sunday with Mr. Pearson in charge, so lets send our children to Sunday School starting this Sunday. Sunday School starts at 12:30 p.m. and church services are held on the second and fourth Sunday of each month with Pastor Hallgren the Minister. Mrs. Pearson is organizing a ladies prayer meeting for each Tuesday after school.

The local Guide Association meeting was held October 27th at the home of Mrs. Shirley Shanks. The meeting consisted of election of officers for the coming year, they are: President Leopal Larsson, Vice President Beverley MacLean, Secretary-Treasurer Velma Hanson, Badge Secretary Mary Wennerstrom, Public Relations Ella Simon.

The Girl Guide tea and bake sale will be held November 29th at the Legion Hall. Lunch was served following the meeting.

Mr. and Mrs. Rodney Forth of Lacombe were Sunday visitors at Bill Rings.

Mrs. Nora Maciborsky of Wetaskiwin was a Sunday visitor at the home of Steve Stefura and at Pete Maciborsky's.

Several of the grades 11 and 12 students from here participated in the volleyball tournament held at Thorsby and Wetaskiwin these past two Saturdays.

On November 3rd, a miscellaneous shower was held at the Legion Hall in honor of Thyra Kellgren, prior to her marriage to Rodney Seimen on November 7th.

Following an evening of games the bride-elect was assisted with the recording of the gifts by Mrs. Barbara Seimen, sister-in-law of the groom. Thyra then thanked everyone most adequately for the gifts.

Co-hostesses for the occasion were Gladys Maciborsky, Anne Olsen and Bernice Johnson.

Thyra was honored at another shower held for her at Red Deer on Tuesday, November 4th.

David Sluchinskd was a lucky winner of $400 on a baseball draw at Drayton Valley recently.

Mr. and Mrs. Dale Rhyason and daughter of Edmonton spent from Friday evening to Tuesday at the Blade's. Dale tries his luck at hunting out here.

Stanley Stefura has been a guest at the Seve Stefuras for a week or so and has also been doing some hunting while here.

Congratulations to Thyra and Rod Seimen who were married on November 7th at Rimbey. The reception and dance were held at Alder Flats.

Joyce Hayduk and Sandra King have both been patients in the Drayton Valley Hospital.

A young cowhand and his wife were visiting a college town. Driving past a number of fraternity and sorority houses, he noted each marked with its Greek letters in neon lights.

"Look, honey" the wife exclaimed, "isn't that a bright idea, everybody has his cattle brand in lights."

Rebels Lose to Rocky

The Rebels completed their exhibition games for the season with a loss to Rocky Mountain House. The Rams were leading 4-0 at the end of the first period before the Rebels got going and each team scored once in the second stanza. Then the Rebels came on strong to notch 2 more goals while the Rams added one of their own.

The Drayton Valley scorers were Cliff Elliot, Barry Ness and Al Hopfe.

The Rebels wound up with a 2-2 record in exhibition play. They defeated NAIT, split with Rocky Mountain House and lost to Stony Plain. Now the Rebels face a busy schedule. They travel to Wetaskiwin Thursday, November 20th to meet the Colonels and then host the league champion Ft. Saskatchewan Huskies on Saturday and Stettler Imperials on Sunday. Game times are 8:30 Saturday and 1:30 on Sunday. It will be interesting to see what the Huskies have this year as they were blanked 10-3 by the All Stars last weekend in the annual All-Star game at Fort Saskatchewan.

Afterwards, the people attending the service were all invited for coffee and lunch at the Legion Hall. This lunch was sponsored and served by members of the Ladies' Auxiliary to the Canadian Legion.

SUB-MITS

FROM THE ELEMENTARY SCHOOL

On Monday of this week your child brought home his report card. The format of this is new. It was developed, last spring, by a committee of teachers for the use of the whole county.

Mixed reactions meet the child when he brings it home. There is the child who "gets it" for a poor report, and there is the child who gets a dollar for every H. Sometimes between these two extremes, are found a variety of other condemnations or bribery. Where do you fit? Do you recognize your child's efforts without downright punishment or outright bribery?

In conjunction with this report teachers in this school are again carrying out Parent-Teacher Interviews. For the first time we have been allowed school time to do it in. The benefits of these discussions are manifold. Firstly, and in the greater majority of cases, it is reassuring to both parents and teachers that the child is progressing favourably and according to his ability. However, if a child is having difficulty this is the best time of the year to alert his parents. The added interest on the parents' part is often enough to get the child working up to potential. Occasionally interviews point out a behavior problem. Also, teachers may learn about a health problem or unusual family circumstances that may affect his school work.

If at all possible will you come at your indicated time or make arrangements for a more convenient time? Last year, approximately 80% of the parents came. The difference in children's attitudes and work habits is always evident when the children realize that their parents and their teachers are at least on a "Hello" basis.

* * * *

Teachers often get notes from their pupils. Children attach a special significance to these. Here is one of Mrs. Philips' specials , spelling mistakes and all, "Mrs. Philips will you move me a little farther ahead becauce Jimmey kept bothering. And he always talks to me.

Merle.

P.S. Please.

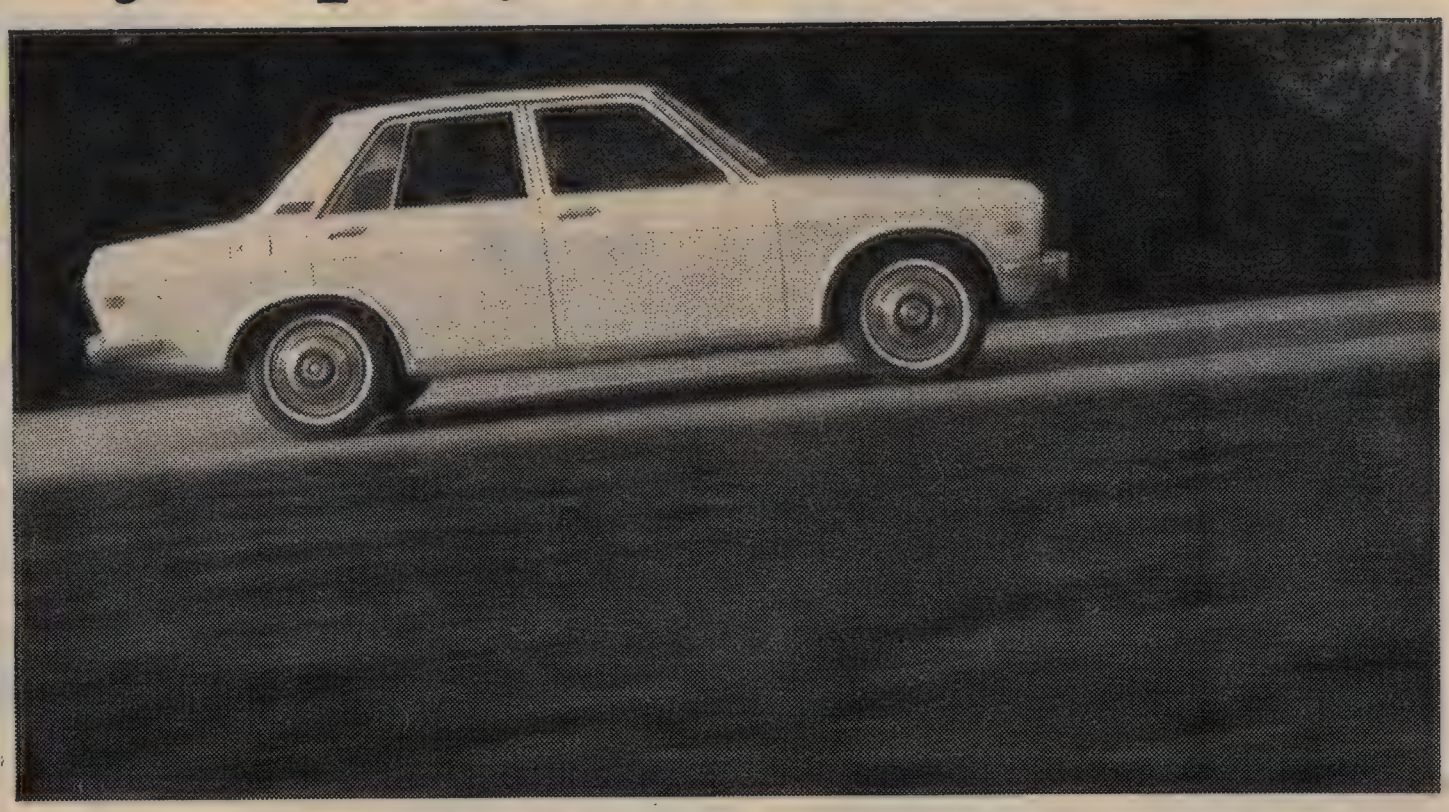
Report of the week -- This came from a grade five report from Mrs. Grieb's room. "Henry Hudson was born into the Hudson Bay when he was fourteen years old".

Sincerely,
Olga Brown.

Datsun 1600 automatic gives you everything you want. Just put your foot down.



There's only one way to handle the Datsun 1600 automatic.
Briskly.
When you want to pass on the freeway, just swing out, tramp on the gas and your Datsun will jump to it.
You see, the Datsun 1600 is not like most small automatics. Small cars generally don't have the engine capacity to handle an automatic transmission properly. And most of them only have a 2-speed transmission, so you don't get any pick-up at all.
What you do get is a gutless wonder.

Datsun 1600 is different.
It's got guts. 96 hp, and one of the best power/weight ratios in its class.
A silky three (count 'em, three) speed Borg-Warner transmission. 100 mph performance. Datsun 1600 has poke.
And with all that poke you get contoured bucket seats, front discs, all independent suspension, choice of two doors, four doors or a wagon . . . all the extras, all the luxuries and all the performance of the standard Datsun 1600.
Just no gearshift. If you like a gearshift, you can get one for about $200 less than the automatic option. But if you don't, put your foot down and demand a Datsun 1600 automatic.
And then you can really put your foot down.
Test-drive a Datsun at any of the 200 dealers in Canada.

RAMONA NEWS

There are quite a few bowling enthusiasts in the community, but I wonder if any of us can top Deanna Davis. One week she bowled a 370 game making eight strikes in a row. Her first year of bowling Deanna won two trophies and this year she has won two crests and a pin and the season is just beginning. I wonder if she will give lessons?

Get well wishes go to Mr. Blatkewicz and Kelly Davis. Mr. Blatkewicz is home from the hospital now where he underwent surgery, and Kelly went into the General Hospital yesterday November 18th. We hope you are both on the mend soon.

The Ramona Girl Guides held a variety sale on Wednesday, November 12th. Due to cold weather and icy roads, the attendance was small, but the girls would like to thank all the ladies who came out to make the day a success. A special thanks to the ladies who came out from Drayton Valley and the ladies who donated items for the sale. The turkey was won by Karl Kuss of Drayton Valley and the Christmas cake was won by Audra Swap. The girls presented Mrs. Blake and Mrs. Kuss with surprise gifts to show their appreciation for the two ladies for starting the Girl Guides out here. The ladies would like to thank the girls very much.

Congratulations to Armand and Alberta Brisebois who have moved into their new house in Drayton Valley. Also congratulations to Al and Louise Roy who have bought a new long, long trailer. It is 12' x 66'.

Happy birthday this week to Joyce Hallett and Olga Mulyk November 23rd, Joy Melnyk November 24th and Phillip Kmyta November 25th.
